Origram Color, 2009 : .Pliages individuels 30 x 30 cm

Oriplan, tirage sur papier, 180 x 180 cm

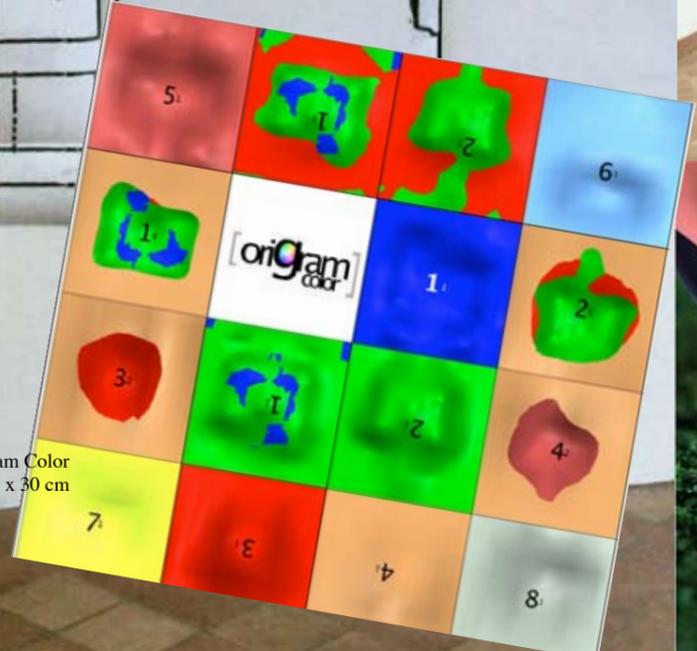

ORIGRAM COLOR est une version seconde des programmes ORIGRAM. A la fois méthode, situation d'images, proposition couplée de déploiement confinement, cette installation propose :

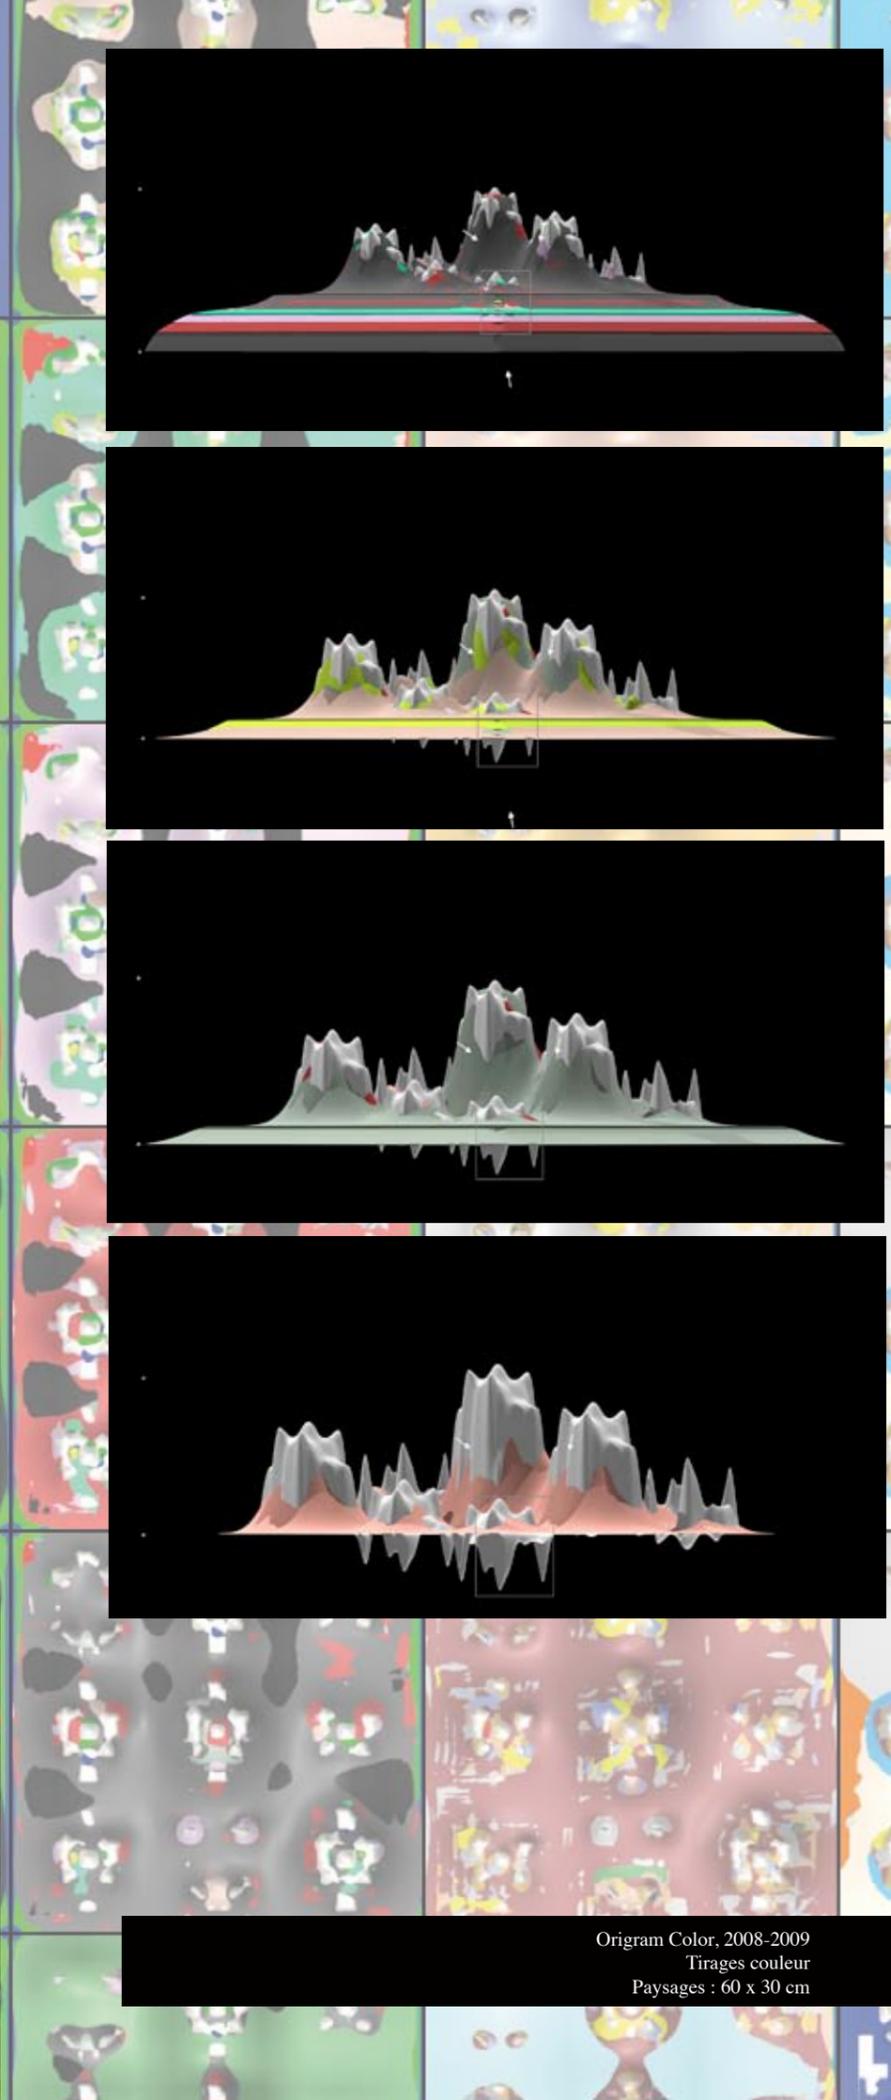

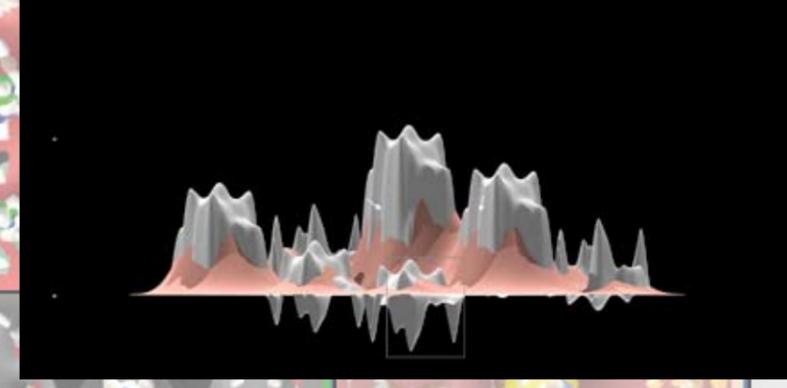

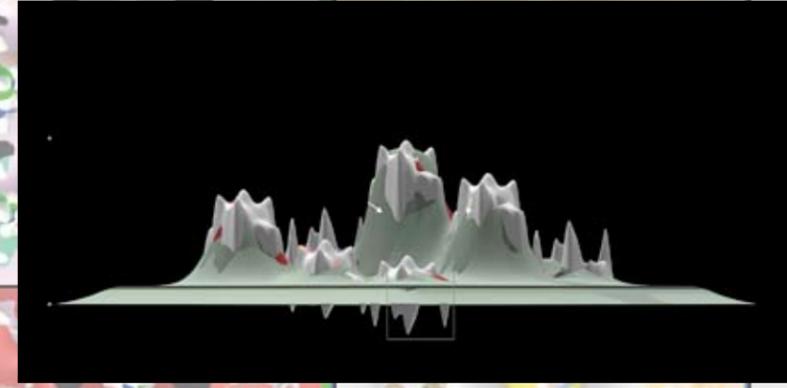

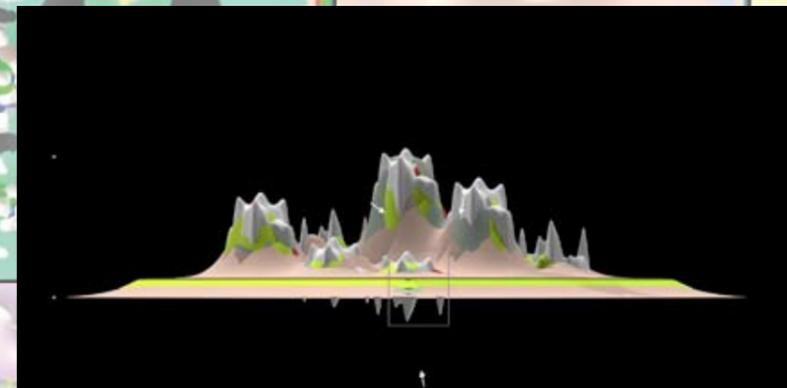

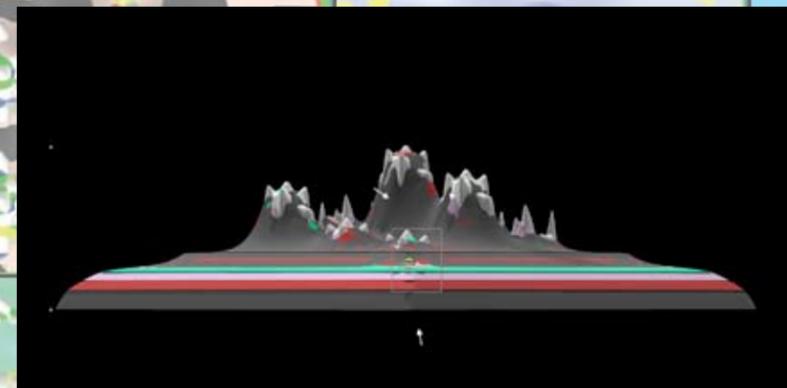

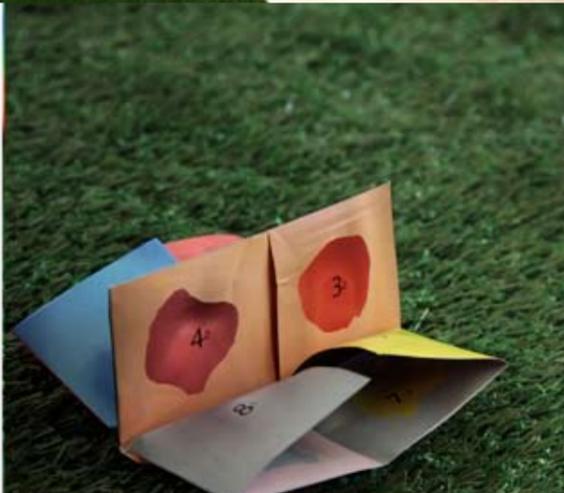

- Une tapisserie murale constituée par les 50 premières images d'une série de 26 000 (dépôts successifs de voiles colorés sur un volume)
- Un pliage livré au public qui récupère une combinaison des images précédentes.
- Des images paysages qui sont des points de vue différents et perspectifs sur ces mêmes images.
